

HILLWOOD AIRWAYS

N737AT In Flight Entertainment

On your device (phone, tablet, iPhone or iPad) that is connected to the internet, download the Rockwell Collins Stage Application.

Apple App Store and Google Play both have the same icon.

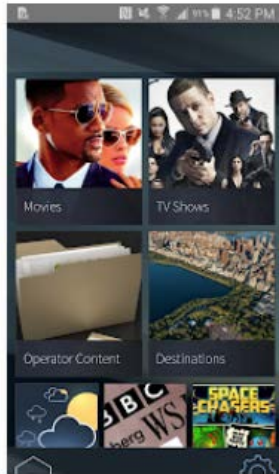

Stage
Rockwell Collins, Inc.

FREE

1. Open the App store and search for “Rockwell Collins Stage” and download the “Stage” app (which is free).
2. Once the app is downloaded, while still connected to the internet, open the Stage app.
3. You will get an Error saying that you are not connected to the Media Server.
4. You are finished. Close the app and you are ready to enjoy the IFE on the aircraft.

When aboard the aircraft:

1. Connect to “Wifi-Movies” wireless network. This may take your device a few minutes to connect.
2. Open the “Stage” app. You should see the home screen, similar to the one below:

3. If you get the Media Server error again, try closing out the app, verifying you are connected to “Wifi-Movies” and open the app again. Sometimes it takes a few try’s to connect to the Media Server.

Be sure to bring your device and headphones or earbuds to enjoy Movies, TV Shows, Music and Games during your flight.
