

Enjoy a variety of entertainment while aboard your Hillwood Airways flight. Bring a personal mobile device and headphones or earbuds to enjoy first-run movies, television programs, music and games in-flight.

#### Preflight:

- Connect to the internet.
- Download the Rockwall Collins Stage app, available in the [App Store](#) and [Google Play](#), to your mobile device.
- While still connected to the internet, open the Stage app.
- Once you see an error message stating you are not connected to the Media Server, you are finished with the initial set up and ready to enjoy in-flight entertainment once on board.

#### Inflight:

- Connect to wireless network Wifi-Movies. Please allow a few minutes for your device to connect.
- Open the Stage app. You will see a screen similar to the one pictured below:

- If you receive a Media Server error, close the app, verify you are connected to Wifi-Movies, and reopen the app.
- If you continue to have problems, please notify and attendant for assistance.
